

## 1st Announcement

# The International Scientific Conference **10th Forum of Ecological Engineering** 9–11 September 2019, Kazimierz Dolny, Poland

### ABOUT THE FORUM

Welcome to the International Scientific Conference of the *Forum of Ecological Engineering* series. Beginning in 1996, the Polish Society of Ecological Engineering (PTIE) organized National Scientific Conferences in Polish named *Forum Inżynierii Ekologicznej*. The previous 9th edition was held in Kazimierz Dolny, in September 2017.

We decided to continue the series as the International Scientific Conferences, so we proposed the **10th Forum of Ecological Engineering**.

The aim of the 10th Forum is to show the latest results of research and applications from various scientific institutions around the world. Additionally, we want to promote *Ecological Engineering* as an area of knowledge in the field of environmental protection.

**The Forum series is organized under Honorary Patronage the Minister of Science and Higher Education in Poland**

### THE MAIN ORGANIZER

- PTIE – Polish Society of Ecological Engineering, Branch in Lublin

### SCIENTIFIC SUPPORT

- Faculty of Environmental Engineering, Lublin University of Technology
- Faculty of Production Engineering, University of Life Sciences in Lublin
- Polish Academy of Sciences, Branch in Lublin
- Lublin Scientific Society
